Mary Macs receive ‘Industrial Strength’ Support from Freemasons.

Mary Macs staff checking out the new industrial washing machines

In 2022, at the request of their patrons, Mary Macs decided to install two washing machines and two tumble dryers. Freemasons on the Central Coast (FotCC) were able to assist in the purchase of these machines and they have been a great success. However, it took only 24 months for the washing machines to wear out due to the constant use.

The issue was reported to FotCC in early November and, after hearing about the need for a more ‘industrial strength’ solution, the Freemasons came to the rescue by purchasing two new washing machines worth over \$8,000.

These new machines will enable patrons to wash up to 10kg at the one time and the wash cycles can be customised making the whole process more efficient and giving the machines a longer life.

The new machines have been a great success with the patrons.
